From the Office of the President

Dear Colleagues,

It is with great pride that I share the 2011 Report to the Community, which highlights our successes, challenges, enrollment figures, and operating and capital budgets during fiscal year 2011. The information provided in this comprehensive online report reflects just how strong and stable we are as an institution.

Our accomplishments over the past year required the collaboration of the entire College community. Your hard work helped shape who we were and who we will become in the years ahead. We are poised to become the most relevant community college in the country.

Thank you for everything you do to support our College and our students.

Happy reading,

DeRionne P. Pollard

President's Report 2011

"In order to be even more relevant, Montgomery College must increase our innovation footprint. At my inauguration last October, we launched the Innovation Fund to encourage and support cutting-edge ideas. In everything we do, the College is embracing a can-do attitude to continue to expand educational boundaries: expanding classroom curriculum, renovating our facilities, and forging strategic community partnerships. ..."

Dr. DeRionne P. Pollard
Montgomery College President
