MEMORANDUM

To: Montgomery College Colleagues

From: Dr. DeRionne P. Pollard, President

Subject: Update on Presidential Priorities

My priorities for the 2011–2012 academic year are posted on my website. While announced last summer, I want to draw your attention to the mid-year progress update that has been posted online.

In developing the priorities, I considered the input of College student, faculty, and staff groups; College performance data; and accreditation requirements. Ultimately, I set the priorities with the goal of growing the capacity and the effectiveness of our institution in providing service to our students.

Although the priorities are my key responsibilities to the Board of Trustees and to the College community, they represent our collective goals for becoming the best we can be. The priorities delineate the mission-critical tasks and initiatives for the current year that will help Montgomery College become even more relevant as a leading community college.

Many faculty, staff, administrators, and students have been involved in achieving the progress made to date. Thank you to everyone who has contributed to these efforts.
