

EMERGENCY PREPAREDNESS MANAGEMENT CERTIFICATE: 249

Total Credits: 30

Catalog Edition: 2020-2021

Program Description

The certificate in emergency preparedness management provides students with the technical and professional knowledge to prepare for a career in emergency management. Courses provide introductory through advanced training in the skills necessary to succeed as a professional in this field.

Program Outcomes

Upon completion of this program a student will be able to:

- Develop and evaluate an emergency operations plan based on data provided on a hypothetical jurisdiction.
- Determine hazards and develop risk assessment programs in local communities.
- Deliver emergency management public education programs to target populations.
- Develop and implement short and long term recovery concepts into all areas of the community, using an all hazard approach.
- Analyze organizational behavior problems as they apply to emergency operations.
- Analyze the roles, responsibilities, and authorities of the various organizations responding to hazardous materials incidents.
- Demonstrate knowledge of the activities that should happen in each phase of a disaster.
- Demonstrate understanding of knowledge, skills, and abilities necessary to understand emergency management as a field of research and practice.
