

# BUILDING TRADES TECHNOLOGY CERTIFICATE

Total Credits: 21

Catalog Edition: 2024-2025

## Program Description

(R): 263

This certificate curriculum prepares students for employment or advancement in the building and construction industry. A combination of academic and practical instruction provides knowledge and skills that are necessary for success in these professions. Credits may also be applied to the Building Trades Technology AAS degree.

## Program Outcomes

Upon completion of this program, a student will be able to:

- Work effectively as a team member with various construction tradespeople and personnel.
- Describe the construction process as it applies to residential buildings.
- Perform practical construction skills as it applies to buildings.

## Program Advisors

Rockville
