

## CONSENT ASSIGNMENT LEARNING OUTCOMES

Dear Colleague,

We are glad you are interested in this resource.

The feedback we received using it during Spring 2017 semester in consent events on all 3 campuses was that we need to spend MORE time doing basic consent defining, so take that into consideration when using this material.

Feel free to mix and match this with resources of your own.

Here are the learning objectives developed:

**Learning Outcomes:**

As a result of attending the Consent workshop:

- Students will accurately describe consent.
- Students will demonstrate an increased understanding of the role of communication when obtaining consent.
- Students will recognize the differences between verbal and non-verbal consent.
- Students will correctly identify coercion in a sexual situation.
