The screenshot shows the 'Register for Classes' page on the Montgomery College website. The page has a purple header with the college logo and navigation links: 'Student', 'Registration', 'Select a Term', and 'Register for Classes'. Below the header, the title 'Register for Classes' is displayed. There are three tabs: 'Find Classes' (active), 'Enter CRNs', and 'Schedule and Options'. The 'Find Classes' tab contains a search form titled 'Enter Your Search Criteria' with a help icon. The form includes a dropdown for 'Term' set to 'Fall 2026', and three input fields for 'Subject', 'Course Number', and 'Campus'. At the bottom of the form are three buttons: 'Search', 'Clear', and 'Advanced Search' (which is highlighted with a red box).

**Note:** The Register for Classes screen is divided into three main parts: Search, Schedule, and Summary. There are two options to change the look of the screens (panels and arrows).

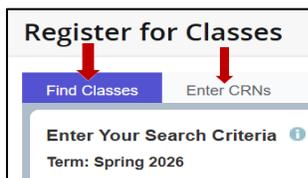

- Search** – the top half of the screen allows you to search for classes using basic search options or advanced search options. You can also search by CRNs (Course Reference Numbers) and view your course schedule and options.
- Schedule** – the bottom left side of the screen allows you to view your class schedule in either a calendar view or a detailed view to ensure there are no conflicts.
- Summary** – the bottom right side of the screen displays a **“CLICK HERE TO VIEW CHARGES/PAY TUITION AT THE TIME OF REGISTRATION”** link to view your bill and pay tuition, as well as a summary of registered or pending courses.

**Note:** If you have not paid your tuition, you must pay today or your schedule of classes may be dropped. Please note that if you don't drop your courses before the semester begins, you may be held financially responsible for any outstanding balance. Log in to MyMC now to complete payment or make payment arrangements.

- Panels** – click the "Panels" button to turn the Schedule and Summary panels on/off.
- Up & Down Arrow Buttons** – up arrow to toggle the upper panels, down arrow to close the bottom panels. The middle circle button resets the panels to the default view.
