Colleagues,

When I spoke at our fall division meeting, I shared my excitement about the division starting the process to develop a new academic master plan. The first step in that process is reaching out to everyone working in the Academic Affairs division to get their feedback on the academic offerings and supports for our students today and into the future. This is the first opportunity for you to share your thoughts with this anonymous [survey](#). October will see several additional opportunities to share your thoughts, so please keep an eye out for emails that invite your feedback. Some of those opportunities may be offered collegewide, based on feedback from this important survey.

Please respond by October 15.

I look forward to seeing the results and hearing the conversations that this survey ignites.

Best,

Deidre
