

2020 *SpeakUpMC*

Student Sexual Violence Climate Survey Results

981 students

(5.1%) participated
in the online survey in 2020

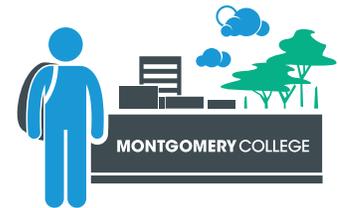

84.2% of respondents

believe MC officials would take the report seriously, respond promptly to address the issue, protect the reporting party, and provide support services

"I feel safe on campus."

88% of respondents
strongly agree or agree with
this statement

**Respondents who experienced sexual misconduct
most likely experienced sexual harassment, stalking,
or nonconsensual sexual contact**

**"I know where
to report sexual
misconduct."**

60% of respondents

7% of respondents

experienced one or more forms
of sexual violence at
Montgomery College

The survey indicates that MC has a culture of respect where students feel empowered to speak up against sexual violence, to intervene in inappropriate situations, and to create an environment where survivors are supported.

Building a culture of respect
